

We are raising money for new park benches – our parks are so important to us in these difficult times.

Can you help us?

Have you enjoyed sitting in your local parks in 2020/21? We'd love to make everyone that little bit more comfortable by adding an extra bench to each park. The Friends set up two crowdfunding pages last year. As we have been unable to fundraise in our normal ways this year, we hope you can help us with a donation, however large or small, for this project. With the footings, benches are around £1650 each so they are not cheap to install but we think they would make great and necessary additions to the parks. At the time of writing, we have received the following donations, £682 for the Cator Park Bench and £355 for Alex RG. It would be great to have a boost to these pots before the end of Spring.
